

DHIMED H2018 WEB DESIGN 2

# PROJECT REPORT

Prepared by:

---

## OVERVIEW

To support your website submissions, please complete a report document

(word count 1500 max). This document should outline your approach, describe the process you undertook for each of the phases of this project, see the phases below and also to account for the HTML and CSS techniques you used, reference any sources used, and highlight any particular techniques that deserve special mention.

It should summarise the user testing feedback, and notify any changes that were made as a result of the user testing.

Use the following template to complete this assignment.

---

## TABLE OF CONTENTS

PLANNING STAGE	4
DESIGN STAGE	5
DEVELOPMENT STAGE	6
USER TESTING	9
REFLECTION	10

---

## PLANNING STAGE

*This section should discuss the aims of your website, define your target audience (include personas) Indicate the content required for each page.*

---

## DESIGN STAGE

*This section should discuss your research concepts, brainstorming, information architecture, Page layout, wireframes and mockups*

---

## DEVELOPMENT STAGE

*This section should discuss the following:*

- 1. choice of colour scheme*
- 2. Typography*
- 3. Visual Elements used.*
- 4. How you applied ux design principles for the layout (see lecture 3 notes)*
- 5. Did you use UI design patterns? If so how did you use these and why?*

---

## HTML TECHNIQUES

*This section you will discuss the HTML techniques you used, indicate any advanced html techniques. Indicate also, any challenges you had while marking up your website.*

---

## **CSS TECHNIQUES**

*Discuss the css techniques you have used in each page. Indicate why you have used these. Indicate any challenges you encountered and how you over came these.*

---

## USER TESTING

*Discuss the user testing process that you used, indicate changes that were made to your web site as a result of user testing.*

- 1. Test with 3 people*
- 2. Put together a list of tasks you want to test with your 3 participants*
- 3. Using the table below, report your findings*

<b><i>Participant</i></b>	<b><i>Task being measured</i></b>	<b><i>Result</i></b>	<b><i>What needs to be fixed on your website</i></b>

---

## REFLECTION

*Reflect on the process you undertook to create this website, what did you learn? What did you find most challenging? How would you improve this website if you were to start it again?*
